

## Florida Health Occupations Educators Association of Florida (HOEAF)

Florida HOSA and HOEAF have a partnership that is beneficial to both organizations. While Florida HOSA is designed to meet the needs of its student members, HOEAF is an organization specifically for Health Occupations Educators. A division of the Florida Association of Career and Technical Education (FACTE), HOEAF provides advocacy for Health Science Education in the State of Florida. Florida HOSA strongly encourages all Health Occupations Teachers to join HOEAF.

### **Benefits of HOEAF**

- o **HOEAF is *the voice* for Health Occupations teachers**

Through the Florida Association of Career and Technical Education, Health Science Education is represented in the Florida legislature.

- o **Annual Conference**

Each year, HOEAF presents two days of breakout sessions at the Florida Association for Career and Technical Education (FACTE) Conference. Session topics range from DOE updates to classroom management, and continuing education credits are provided. Contact the **Florida Association for Career and Technical Education** for more information.

- o **Student Scholarships**

Each year, HOEAF has scholarships available for students seeking a career in the Health Care field. The application may be downloaded from the Florida HOSA website or you may contact the HOEAF President.

- o **Newsletter**

HOEAF provides its members with a bi-annual newsletter, which contains legislative updates, scholarship information, and news related to Health Science Education.
