

# Welcome Back!

## Diego Figueroa - State President

I am here to announce that a school year filled with possibility and opportunity is back for Florida HOSA. As many of our returning members may know, my name is Diego Figueroa and I am a senior at Coral Reef Senior High. Along with the State Officer Team, I hope to make this year a memorable one. A new year provides us with new beginnings; new beginnings that, if we take a hold of, will promise an exponentially growing list of opportunities. Accordingly, it is time to get down to business. We must work toward our goals throughout the year, and in doing so, we will nullify the meaning of "impossible." Remember, good things come to those who wait, but better things come to those who chase. Do not hesitate when taking risks - Florida HOSA will always be here to encourage you, offer guidance, and take you in with open arms.

Our State Officer Team is overflowing with ideas that we plan to execute and designs we plan to implement. We will be traveling throughout the state in order to meet new faces, acquire regional input, and inspire new leaders. Feel free to contact the State Office to set up visits at your school and regional meetings. Further information is available at our website, [www.flhosa.org](http://www.flhosa.org). As a parting thought - live in the now, learn from the past, and think for the future. Have a great year, Florida HOSA!!

## Stephanie Guimaraes - State President-Elect

Welcome back, HOSA Members! I hope you all had a great summer break, but it's time to head back to school, show off your suntan, and hit the books! First, I would like to introduce myself to you. I am a senior at Cypress Bay High School in Weston. I love dogs, spending time with my family, and volunteering with friends at our local hospital.

I'd like to thank all of you for electing me as one of your State Officers. All of your support gives me the reassurance that this year will be especially memorable for Florida HOSA! As one of your State Officers, I look forward to working with the rest of the team to keep Florida HOSA's reputation as a prominent organization. We must continue to promote HOSA to increase interest and membership! Our great organization offers some

students the opportunity to explore a career in the health field who would not have had this experience otherwise. I know this because HOSA has done this for me. Before I became engaged in HOSA, I had no clue what I wanted to do with the rest of my life. Now, after becoming involved in HOSA, I have finally set my heart on one day becoming a pediatric oncologist! Again, we must continue to spread the word about HOSA to potential members in order to give them the chance to explore the vast field of health care!

Let me leave you with something that personally inspires me: "In order to succeed, your desire for success should be greater than your fear of failure." -Bill Cosby

I look forward to meeting all of you at this year's Florida HOSA events!

## Travis Markham-Northern VP, Secondary

Helloooo, Florida HOSA! A big welcome here from your State Northern Vice-President, Secondary! I hope everyone had a fantastic summer and is as excited as I am for another great year with HOSA. I consider it a huge honor to be able to serve you as a member of the State Team for 2013-2014!

Let me tell you a little about myself. I just graduated from Gainesville High School in Gainesville

and I am now enrolled at the University of Florida's Department of Applied Physiology and Kinesiology. In my spare time I play guitar and drums and enjoy the outdoors. I can't wait to start meeting all of you at our various conferences! Florida HOSA is a huge organization by any standard, and being the second largest State

Association in the nation, we obviously have some of the best and brightest members around! One of my biggest goals for this year is to help keep our members more connected and involved after high school graduation. In hopes of making this a reality, I would love to see more postsecondary and alumni affiliations this year than ever before! With the number of secondary members far outnumbering our postsecondary ones, I believe that the time has come for these students to be able to continue to shine on with the rest of us!

I look forward to helping make this a year in Florida HOSA that's fun for all of us, and one we'll never forget. As this new semester begins, remember to spread the word of Florida HOSA and share all the experiences you've had. So pack up your books, study hard, and start checking out those guidelines because HOSA season is open all year!

## Astrid Leonardo - Northern VP, Postsecondary

Let's go, Florida HOSA!!! It is that time of year when we all reunite as a HOSA family and I am confident that our bond will be stronger than ever. Last year was incredible and I know that this year we will continue to succeed. I am thankful for your support and allowing me to serve you for another year. There is nothing but excitement, fun, and success to be expected this year!

A quick update of what I have been doing lately; I am now a second year student majoring in Health Science at the University of Florida. My career goal is to become an OB/GYN Physician and deliver health care around the world. In the past year, I have developed an interest in salsa dancing, but no worries, my main focus is HOSA! HOSA has made me a determined person striving to achieve every goal I have set. Therefore, this year I hope to impact Florida HOSA by working to increase our membership and by helping HOSA members further develop their leadership skills.

We have focused this year on expanding and improving Florida HOSA, and with your help we can accomplish these goals. Let's start today! We can begin by planning a HOSA Week, preparing for competitive events, fundraising for the Cystic Fibrosis Foundation, and motivating others to join HOSA. Florida HOSA has a bright future because of the commitment, determination, and success contributed by every single one of you - the HOSA members.

Get ready, Florida HOSA, because this year is guaranteed to be a success! Remember, "The Future Starts Now" and together we can make Florida HOSA reach new levels of excellence! :)

## Allina Hernandez - Southern VP, Secondary

Welcome back, Florida HOSA! I hope you all have had a great summer, but it's that time of the year again - time to pull all-nighters to finish homework and best of all, time to reunite as a HOSA family. This year, your State Officer Team is hard at work creating new and exciting ways to increase membership, as well as the amount of money that is raised for the Florida HOSA Foundation Scholarship and the National Service Project, the Cystic Fibrosis Foundation. We are also striving to ensure that this year's Leadership Development Conference and State Leadership Conference provide you with unique and exciting experiences.

I am currently a first year student at Florida Atlantic University majoring in Biology on the Pre-Med track. The study of biology and

medicine has always been a passion of mine and my dream is to, one day, become a Pediatric Oncologist.

I have been a member of HOSA for the last four years and I can't wait to see what new experiences will come around as a postsecondary member. HOSA is giving us opportunities to become future members of a health care team. We all know that HOSA is unlike any other organization, so spread the word! Remember, *The Future Starts Now!* Become an active member in your HOSA chapter and don't forget to start practicing for your competitive events. Each year the competition gets tougher and you won't want to miss the 2014 National Leadership Conference at Disney's Coronado Springs Resort! See you all soon!

## Clayton Sims - Parliamentarian

Hello, fellow Florida HOSA members, and welcome back to school and to HOSA! I am a freshman studying biochemistry at Florida Atlantic University's John D. MacArthur Campus in Jupiter, Florida. I graduated from Jupiter High School, one of the largest schools in the area. It was at Jupiter High that I became involved in HOSA and the competitive events. The HOSA Bowl team that I was on made it to the National Conference two years in a row.

However, HOSA isn't just about competing; HOSA is also about developing leadership and teamwork skills in today's youth, and I hope to be an instrumental part of that development here in Florida. As State Parliamentarian, I will do my best to remember every relevant rule in parliamentary procedure and to keep every meeting as concise as possible. As a member of the State Officer Team, I hope to travel to schools around the state and speak to students about joining and participating in HOSA. Hopefully, with the guidance of this year's State

Officer Team, we can increase Florida HOSA's membership and make Florida HOSA the biggest and the best it can be!

Be sure to check out the **Competitive Event Updates** on the **National HOSA website**. There have been **numerous changes this year!**

## Coming soon:

### Leadership Development Conference (LDC) 2013

**New Location:** Lake Yale Baptist Conference Center, Leesburg;  
For more on the location visit: <http://www.lybcc.com/>

**Dates:** November 15-17

**Cost:** \$130 per person

**Deadline to Register:** October 18

- Polish your public speaking skills and master other skills and activities to implement in your local chapters and regions.
- Get to know your new State Officer Team
- Meet middle school, high school and postsecondary members from all across Florida and make lasting friendships
- Engaging Advisor activities; workshops with potential to earn Continuing Education Credits (CEUs).
- Bring money for fun activities to raise funds for the Florida HOSA Foundation Scholarship
- Enjoy the beautiful fall foliage and scenery along Lake Yale.
- Take peaceful hikes or jog with friends along the shady trails

#### Facility Details

- Play board games in the Maple Fellowship Building or enjoy an espresso or ice cream at the One Way Café
- Volleyball and basketball courts
- Canoe Rentals
- Catch up with friends on one of the swings

**Information will be posted to our website and mailed in September.**

**Register early - spots fill up quickly!**

- The Council for Opportunity in Education: [Students – Bulletin Board](#), has great resources such as scholarships, opportunities to study in Washington, D.C., and scholarships for a semester of study abroad.

### Career Day Field Trip Opportunity

Florida HOSA Members and Advisors,

Recently Adam Ramos with the Miami HEAT reached out to us with a great opportunity for students in Regions 7 and 8, as well as Region 9's Palm Beach County. He has worked with DECA chapters for several years now and similarly wants to partner with South Florida HOSA chapters. Members will have a day of learning and fun during their Career Day Field Trip at the AmericanAirlines Arena prior to a Miami HEAT game! You will start your visit with a guest speaker from the Miami HEAT Front Office followed by a behind the scenes tour of AmericanAirlines Arena. You will also learn about the many different career opportunities in the professional sports industry! To bring even more excitement to the day, you will be in the middle of it all by watching a live HEAT game that night! We urge all South Florida Chapter and Regional Advisors to contact Adam Ramos in Group Sales at (786) 777-4289 or [ARamos@heat.com](mailto:ARamos@heat.com) for more details.

Advisors, don't worry, Mr. Ramos will make this easy for you by providing the flyers and everything you need so that this will be an event your students will remember. In addition, we urge advisors in other regions of Florida to contact professional sports franchises (football, basketball, baseball, and hockey) near you for similar enrichment opportunities. An upcoming newsletter will have more information about these opportunities. Members, take advantage of this opportunity to enhance your healthcare knowledge and marketability as a future health professional! Remember also to tag Florida HOSA on Facebook while on your field trip!
