

## 2021 Virtual HOSA Competitive Events for Regional and State Leadership Conferences

### Security and Ethical Code of Conduct

A good reputation enables members to take pride in their organization. HOSA members have an excellent reputation. As Future Health Professionals, HOSA members are held to a higher standard regarding conduct and ethical behavior as a competitor. HOSA members are expected to follow HOSA rules and act honorably and ethically at all times.

1. I have read the National HOSA Virtual Security and Ethical Statement.
2. I understand that Plagiarism, copyright violation, and falsification of information is unacceptable.
3. I understand that it is strictly forbidden to give or receive aid during a test and that members may not converse with other members, advisors, family members, or friends during the testing period.
4. I understand that members should not exchange or share information on test topics, collaborate via any on-line platform or solicit tips for problem solving approaches.
5. I understand that any attempts or cheating to gain unfair advantage is unacceptable.
6. I understand that members who disregard the rules will be subject to consequences.

I have read the above statements and agree to abide by the rules regarding the Security and Ethical behavior of a Virtual HOSA Competitor.
