2022 Serve on the Executive Council of InteGIRLS Sarasota/Tampa

Why I Would Like to be a Florida HOSA State Officer:

I would like to be a Florida HOSA state officer because I have been in HOSA since freshman year, and I have loved every moment of it. HOSA has helped me grow a passion for the medical field. Working on Medical Math and winning first at internationals was an amazing experience for me. I was able to connect with healthcare professionals working in diverse fields. I met so many amazing people sharing similar goals as me through my journey from Regionals to States to Internationals. HOSA has taught me valuable leadership skills and how to provide inspiration and guidance to others who want to join HOSA.

This year, I was able to help some students doing medical math study by providing guidance on the type of resources to use and the solution to certain problems. As a potential Florida state officer, I want to expand the impact of HOSA in Florida and make HOSA available to every school in every county so every student that is striving to study in the STEM field, research field, or public speaking field in the future will have access to the exciting learning opportunities that HOSA brings.
