Why I Would Like to be a Florida HOSA State Officer:

I would like to be a Florida HOSA State Officer because I know I will be putting in the hard work and effort it takes to be in this commitment. Ever since I joined HOSA I have loved and appreciated every second of it. It has taught me so many qualities on work ethics and how to strive for my best even if I had doubted myself. No matter the circumstances, I do my very best work and no less. I believe I am a very dependable and honest-working student who will always be someone to count on and get things done on time. I also want to help encourage my chapter back in my school to start being more involved and motivated in HOSA and get more to join to expand it. This organization has given me so many amazing opportunities and memories I will treasure forever, and I want to share it to all and help them on their journey to success in the medical field. I want this to be an opportunity for me to take on a strong leadership role that will take me to the next level and push me past my comfort zone. Together with the other officers, I believe we can do so many great things in the HOSA community and gain amazing team-building skills.
