Why I Would Like to be a Florida HOSA State Officer:

I would love to become a Florida State Officer because it's not just a responsibility but an honor and privilege. A privilege that has provided me with an abundance of opportunities and an environment that brings together like-minded students with common goals. Especially of those who came before me. I was truly inspired by the previous officers in positions like State President-Elect, Northern Vice President- Secretary, and Parliamentarian. Which, with their support and guidance, has allowed me to grow confident and view things from a different perspective. I believe this is my chance to spread positivity that was given to me by fulfilling this position. With this opportunity, it will give me the experience and skill sets that will build me as a better person, as a leader, as a committed member, and as a future health professional.
