Why I Would Like to be a Florida HOSA State Officer:
When I came to the U.S. in 2018, I felt like I was in a cultural whirlwind. I wasn't familiar with the language, and I didn't believe in myself to advocate, ask questions, or connect with peers. Then I joined HOSA. My initial goal through HOSA was to learn about medicine, a career I have always been passionate about pursuing, but I ended up learning so much more than that. Despite competing in individual categories, I was never alone in HOSA. This community of amazing and supportive young leaders who come together because of a shared inner passion to pursue medicine and to better society has helped me tremendously in my journey as a youth advocate and an aspiring doctor. Being a Florida HOSA officer means immersing myself in the joy of connecting with like-minded peers while knowing that my efforts as a HOSA leader are playing a role in the advancement of the HOSA community as a whole. I couldn't ask for a more rewarding experience
