Why I Would Like to be a Florida HOSA State Officer:

Florida HOSA has changed my life. On top of giving me passion and meaning as I pursue a future as a medical school professor, it has also enabled me to meet so many amazing people from all over the state. Florida HOSA has changed my life because of the community, compassion, and collaboration I have not been able to find anywhere else. So, as I enter college and pursue a postsecondary education, I want to pass on this change forward. I've already started at the local and regional level (Sunset Region) but I want to continue at the State level. As a Florida HOSA state officer, I would be able to impact so many more people across the state. Then, I would be able to be a part of the reason that Florida HOSA changes other young professionals' lives as well.
