Why I Would Like to be a Florida HOSA State Officer:

HOSA was one of the first places where I found a sense of belonging as a new student, and it quickly became more than just an organization—but my safe space. Through competing, preparing events, and supporting members as a consultant to my chapter, I discovered a passion for serving others and creating meaningful opportunities for growth. I no longer see these responsibilities as tasks, but as ways to positively impact those around me. I want to serve as a Florida HOSA State Officer to expand that impact beyond my chapter by increasing member involvement, strengthening connections between chapters, and ensuring that HOSA remains a welcoming environment where all members feel supported and empowered. This role would allow me to give back to the organization that has played a significant role in my professional and personal growth while helping shape the future of Florida HOSA.
