Why I Would Like to be a Florida HOSA State Officer:

HOSA has been an influence in my academic career since my early years in middle school. From aspiring to be a mere member to discovering my leadership capabilities as the president of my chapter's tight-knit HOSA team, the organization's impact has transcended my education and has positively influenced every habit I execute. My compassion for this organization that has nurtured me into the professionally developed leader I am today, draws me closer to the call to action of being able to share this experience as a friend, colleague, or mentor. At the three Florida SLCs I have competed and medaled in, one of my most valuable takeaways has been how our carefully selected State Officers have been excellent representatives of what HOSA stands for as a team. As a well-seasoned and loyal HOSA team player, who has seen its formula from every angle, becoming a state officer is not only a privilege but a responsibility. I am honored to have been selected as a State Officer and I am committed to representing HOSA to the best of my ability.
