**Why I Would Like to be a Florida HOSA State Officer:**

I would like to be a Florida HOSA State Officer because I genuinely care about strengthening member experience across the state, making sure every student feels that they belong in HOSA. I also care a lot about the behind-the-scenes work, where the magic of planning, coordination, and teamwork happens to make conferences and programs run smoothly. On top of that, competition is one of HOSA's strengths, but I believe it's more than that. If elected as state officer, I want to highlight those other opportunities while also improving organization and communication statewide. I will focus on outreach and engagement, while connecting with members on a personal level. I will always put members and Florida HOSA first, and I hope to use my skills to support the state officer team and create more ways for every member to participate, grow, and succeed as future health professionals.
